

**MEDICAL STUDENTS WITH
DISABILITY AND CHRONIC ILLNESS**
Community. Advocacy. Education. Accessibility.

MSDCI's 1st Regional Conference

Keynote Speaker

**PATRICIA A. FENNELL,
MSW, LCSW-R**

Patricia Fennell is a clinician, researcher, and nationally recognized leader in chronic illness care. As the developer of the Fennell Four-Phase Treatment Model™, her work has shaped how providers understand the lived experience of chronic illness—bridging patient identity, medical trauma, stigma, and long-term recovery.

This in-person/hybrid conference is open to all medical students, premedical students, and allied health professionals across the US.
